EXPERIENCE

Weblink Software

Senior Interactive Language Courses Developer
2017 - Current

In this position, I specialized in crafting engaging interactive language courses for a prominent international client. My responsibilities included designing and implementing dynamic functionalities using JavaScript. Additionally, I played a pivotal role as the primary developer tasked with maintaining and refining the visual aesthetics of the platform, adhering closely to the client's specifications through meticulous HTML and CSS/SCSS implementation.

Jamaica Wine House, London

Supervisor
2015 - 2017

In this role I was responsible for helping manage the location, making sure the day-to-day operations are going smoothly.

EDUCATION

Secondary education at a General High School Number 4, Tychy.

INTERESTS

Game development

I've been working on my own game using Godot engine, which uses a dynamically typed coding language.

AI Technologies

I've been fascinated by experimenting with AI on my personal machine, exploring its capabilities in generating text, images, and performing various tasks. This interest stems from my curiosity about the rapid advancements in technology, keeping me excited to learn and adapt in this dynamic field.

I hereby give consent for my personal data included in my application to be processed for the purposes of the recruitment process under the Personal Data Protection Act as of 29 August 1997, consolidated text: Journal of Laws 2016, item 922 as amended.
